Network Providers have agreed to accept the Maximum Allowable Charge (MAC) as payment in full. However, when you receive services from Non-Network providers, you are responsible for any amounts over UCR, i.e., the reimbursement level is either the 50 percentile of Usual, Customary, Reasonable charges or 150% of Medicare Allowed). Non-Network providers may charge considerably higher amounts. Therefore, if the billed amount exceeds the UCR, your provider may bill you for the difference. It is best to utilize network providers whenever possible. These amounts over the UCR, while the responsibility of the Covered Person, do not apply toward deductible or out-of-pocket maximums. Please refer to your Summary Plan Description (SPD) for details. **The SPD is the final determination of all benefits.**

* Prescription Drugs - You pay the difference if a generic is available, even if doctor requested otherwise. Drugs subject to Cigna programs for Prior Authorization, Step Therapy and Exclusive Specialty. Copays shown are per prescription, mail-order copay is two times for a 90-day supply.

Pre-Certification Penalty: Certain procedures or medical care require pre-certification in order to qualify for full benefits. Failure to pre-certify will result in a \$400 penalty per service, procedure or confinement. Please refer to the Pre-Certification section in your SPD for details.

Emergency Admissions Penalty: In the case of an Emergency Admission, the member must call the toll-free number listed on the medical identification card within 48 hours after admission or on the next

Copayments- Copayment does not apply towards deductibles or coinsurance but does apply to maximum out-of-pocket limits

Please Note: This schedule applies as indicated in the SPD. *This schedule must be read in conjunction with the entire Summary Plan Description and has no full meaning by itself.*
