<b>SAVINGS FOR YOU AND YOUR FAMILY.</b>	

No out-of-network increased deductibles, coinsurance and copays.

Freedom to choose your physician, hospital and treatment throughout the United States.

Freedom to choose the prescription drug benefits that accommodates your needs.

Your employer has partnered with a Third Party Administrator to help combat rising healthcare costs by paying hospitals and doctors what is fair and reasonable for health care services, that is known as reference based reimbursement (RBR). Now, when you visit a facility or hospital, the claim will be audited and fairly-priced by removing errors and determining what is a fair market value.

**Please Note:** This schedule applies as indicated in the SPD. *This schedule must be read in conjunction with the entire Summary Plan Description and has no full meaning by itself.*

**Pre-Certification Penalty:** Certain procedures or medical care require pre-certification in order to qualify for full benefits. Failure to pre-certify will result in a \$250 penalty per service, procedure or confinement. Please refer to the Pre-Certification section in your SPD for details.

**Emergency Admissions Penalty:** In the case of an Emergency Admission, the member must call the toll-free number listed on the medical identification card within 48 hours after admission or on the next regular business day after the start of treatment, if later. Failure to call will result in a \$250 penalty per occurrence. This penalty will not count toward the plan deductible or towards the Out-of-pocket limit.

**Plan Year Deductible** - An individual with family coverage will only be required to meet the individual deductible amount before the coinsurance begins. Deductible does not apply to Preventive Care Provisions.

**Copayments** - Copayment, if any, does not apply towards deductibles or coinsurance but does apply to maximum out-of-pocket limits.

**Coinsurance** - is the share of the cost of a covered service, calculated as a percent of the allowed amount of the service.

**Out-of-Pocket Maximum** - All allowed deductibles, coinsurance, copayments and pre-certification penalties apply to the Out-of-Pocket Maximum. An individual with family coverage will only be required to meet the individual out-of-pocket maximum.

**Office Visits** - These charges are billed by the physician for time spent with the patient. Office visits do not include charges for diagnostic, surgical, or medical procedures performed by the physician.

**Mental Health and Substance Abuse coverage** - These benefits exclude counseling for behavioral disorders.

**Therapies** - Physical, Occupational and Speech Therapy covered if performed in provider's office or non-hospital based facility only.

**Outpatient Hospital/Facility Services** - These include miscellaneous medical procedures & supplies, diagnostic & therapeutic procedures and surgery at a freestanding surgery center, or outpatient hospital (when approved).

\* **Prescription Drugs** - You pay the difference if a generic is available, even if doctor requested otherwise. Copays shown are per prescription, mail-order copay is two times for a 90-day supply. If generics are available and a brand name is purchased, then the covered person must pay the copay PLUS the difference in the cost between the generic and brand-name drug.
